

Unlimited range of material

Whether you require normal material like steel, brass, copper, aluminium, A2, A4, natural polyamide or special material like lead, black polyamide, hard paper, cardboard, rubber, Teflon, laminated fibre sheet, vulcanised fibre: we stamp it!

In addition we process special rust and acid resistant special alloys as well as spring steel and quenched and tempered steel. Every day we rise to the new challenges facing us. Talk to us and let us inspire you with our possibilities.

This range of material that has grown over the years can be taken from our stock of pre-material to enable immediate manufacturing, as well as from our dispatch stock that enables us to provide a high level of supply readiness that is really convincing.
